This episode is all about the current 'mega-crisis' that will make the Covid-crisis pale in comparison: The Climate emergency that will destroy our planet and humanity, unless we pay a lot of CO2-tax. How did the Cabal get us to belief their impertinent CO2 lies? By using fraudulent 'scientists' and the MSM, as always. Does Climate Change exist? Of course! It's a natural phenomenon. Is there a Climate Emergency? No. You don't believe us? Then let's listen to the real scientists, the ones who refuse to be bribed into silence and who risk their careers by sticking to the Truth. It's about time they get to tell their side of the story, don't you think?

Part 29 is in the making and will be uploaded as soon as it's ready.
